JOHN M. HOFFALING, II PRIMARY EXAMINER

Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's representative wanted clarification on the advisory action. The examiner stated that the 102 rejection is being maintained and that changing the minimum denomination/amount bet is the same as changing the effective wager per unit time, which is the cost to the player for playing the game. Acres states that it is desireable to change the level of play. Level of play is defined as 6:35-40 both the current rate and the rate over a selected time period. The selected time period could be each handle pull or wager and therefore when the level of play changes so does the minimum denomination and/or amount bet.
